

RIVETKING® TRIFIX™

ALL ALUMINUM • TRI-FOLDING RIVET

SPECIAL BLIND RIVETS

RIVET: ALUMINUM
MANDREL: ALUMINUM

Perfect for inconsistent grip ranges or oversize out-of-round holes that are typical in plastics. RivetKing® Trifix™ is designed to work like a moly-bolt in that it splits out into three legs at the backside. Its extended bearing surface spreads the load over a wider area to prevent pullout in plastics or other similar soft or thin sheet materials. Bright polished and stocked in white, black and almond colors.
